## Babson Discusses Job Outlook

(Exclusive to The NEWS)

THE employment outlook for the next six months is good. There will be near peak employment (jobs for 58,000,000) at high level wages, except for seasonal fluctuations.

Economic activity in the next few months will be some 80 percent above prewar levels. This means jobs. Depleted coal and steel stockpiles will be built up. Good employment effects will be felt all along the line by industries using steel. Rehousing will be especially active in machinery and fabricated materials industries, with the automobile industry leading. Construction along home and industrial lines will hold up through the early part of 1950. Both the petroleum and rubber industries will recover somewhat from their respective slumps.

Other factors suggesting good employment are continued government spending, the expansion of credit and business loans, the continued sockpiling of people's savings (\$127 billions in government bonds).

## Contests Develop For Town Office

### SOME "DOG"!

Sam Femia added a new one to his long list of experiences as Arlington dog officer, Wednesday afternoon.

He was notified by police that a dead dog was under the bridge on Grove st. When he reached the scene, he discovered that the "dog" was an enormous raccoon and it had been dead only a few hours. It proved to weigh no less than 35 pounds. The animal bore no marks and a small rope was around its neck. It wasn't someone's pet, in Sam's opinion, because it was too vicious-looking. How a raccoon of this size happened to be around this section of the country is a mystery to the dog officer.

There are no raccoons anywhere this size in any zoo around here.

## Uncle Elmer's Circle Here Sunday Evening

"Uncle Elmer and his Pleasantville Choir, together with the Pleasantville Neighbors," heard Sundays at 2:00 p. m. over WEEL, will make another appearance here next Sunday at 7 p. m. at the First Baptist Church. The program will be sponsored by the Men's Class.

This popular radio group is just a friendly gathering of some 20 young men and women who are sincere in their efforts to be of service to humanity without distinguishing between race, creed or color. These young people work at their regular daily tasks as bookkeepers, stenographers, truck drivers, painters, clerks, school teachers and what not! They devote their spare time to bringing to the enormous following not only worthwhile entertainment but an extremely interesting and helpful program.

They have been instrumental in placing hundreds of wheelchairs, radio sets, and other articles in homes for the aged, hospitals, and similar institutions. Their benevolent work among shut-ins and needy families is far-reaching, covering all New England states.

Mother, dad and the whole family are cordially invited to see and hear this talented group when it visits Arlington Sunday evening.

## THE LAW OF AVERAGES

According to a recent survey the average person enters a jewelry store only once in three years. Which isn't enough. Perhaps one reason is because a lot of our merchandise can be bought other places. Which shouldn't be. Another reason may be that some people are afraid of jewelry stores. Which you shouldn't be. At least when your watch or jewelry need repairing you invariably have to go to a jeweler. And so whether it's now or three years from now think of PETERSON'S when you need a watch, a clock, a small gift or repairing done. We will try to please you.

## WHERE ARE THE CANDIDATES?

Although 143 town meeting members must be elected in the town election next March, less than 50 candidates had announced their intentions of running for the office, up to this week.

Here's an opportunity, especially for those who work in Boston and live in Arlington, to serve their home community. It's an ideal way to become acquainted with their town government so that they will look upon Arlington as more than just a place where they hang their hat when they come home from work. The same is true with other higher town offices, for that matter; the dearth of candidates so far is not a healthy sign. It is quite evident that the majority of the people are perfectly satisfied to let a handful of civic minded men and women shoulder the responsibility of giving Arlington good government.

Any registered voter may run for town office. It's not a closed corporation. If you are inclined to serve and believe you could help BUILD a better community, why not apply at the town clerk's office for nomination papers, either as a candidate for town meeting member or for any other town office in which you are interested in serving. Far too many capable citizens are leaving the job up to their neighbors.

(Continued from Page One)

ment bonds and bank accounts), a price support program for agriculture, etc., and a continued demand for food products. All this is not symptomatic of another boom. Rather, it is the rebound from the '49 recession caused by the too drastic liquidation of inventories on the part of panicky businessmen.

### The Downward Trend

We must, however, face the fact that we are in a downward

cyclical trend. 1948 was the top year in terms of production, wages, profits, and employment. Employment rose phenomenally from 52,800,000 in 1945 to 55,250,000 in 1946; and from 58,000,000 in 1947 to 59,378,000 in 1948. On the other hand, unemployment increased from 1,040,000 in 1945 to an average of 3,189,000 for the first half of 1949. Most economists believe three to four million is normal for a labor force of better than 60,000,000.

The net effect of recent strike settlements is to add substantially to companies' long-term overhead costs, thus reducing the financial margin to lower prices appreciably and thereby stimulate employment. This is one of the reasons why you will see competition stiffen sharply within many industries in the next few months. This is also why industrial production is likely to taper off in the second half of 1950 with resulting unemployment unless greater attention is given to sales.

### Best Employment Opportunities

Best job opportunities for 1950 will be in the distribution field. Even with business off in 1949, the annual rate of savings in the first six months of '49 was \$16.6 billion as compared with \$8.8 billions in the corresponding period of 1948. The problem is how to coax these dollars forth. I predict that during 1950 companies will add greatly to advertising and sales budgets. They will build up their market research staffs; they will develop stronger sales promotional techniques. They will hire more efficient salesmen.

Another excellent area, especially for the college trained man, will be in the human relations areas of production. A potent factor in bringing business into a more favorable competitive position is the more effective utilization of human resources for the common good of both labor and management. A third area young men should consider is work within the federal government. In the past 20 years government agencies have increased from 250 to nearly 2000 today, with corresponding increase in available jobs.

We can never have continued good times in this country until both labor and management are spiritually reborn. Each group must stop talking about its prerogatives but put into practice constructive ways of working together for their common security. This is the only way we shall escape national socialism. This is the only way we shall be able to maintain our free economy and thereby insure freedom for all.

## Protests Time Set For Street Hearing

To the Editor:

I wonder if the readers of the Arlington News ever heard of a meeting being called at 10:50 p.m. ten minutes to eleven at night, to push through a street to be finished which has nothing but cesspools running over and smelling all summer.

Does the board of health allow such kind of finished street? The people of Rhinecliff st., would much prefer a sewer to a perfect street for traffic. Is this time set so Rhinecliff st. will be rushed through without protest, and what's the rush? Elections are coming up soon. I wonder why no decent time was set so old or delicate people could be heard. Are they hoping to put something over on those who signed, thinking they were signing up for the sewer. What good is a smooth street with cesspools smelling all over it.

Tuesday, the 17th, at 10:50 p.m., is hearing time for the taxpayers on Rhinecliff st. What a wonderful town we live in.

MRS. JOHN SULLIVAN  
130 Rhinecliff st.  
(Editors' Note: The joint board of Selectmen and public works is conducting a record number of hearings this year to try to fill the demand for new streets which, possibly may account for the late hour of this hearing.)

### D. A. R. to Meet

Menotomy chapter, D.A.R. will meet next Tuesday at 2 p.m. in the Robbins Library Hall. Frank Rogers of the Norfolk Paint and Wallpaper stores, will speak on "The History of Wall Paper." The election of delegates to the March conference and to the Continental Congress will take place. The Arlington High School Good Citizen will also be presented at this meeting.

## Mother of Polio Victim Supports March of Dimes

To the Editor:

Now that the time is again approaching for the annual "March of Dimes" campaign, I should like to endorse the co-operation of every citizen, particularly of Arlington.

Each year, like so many other people, I have contributed in a small way to this drive, never feeling that I should someday have to call on the Foundation for help. Somehow, we all go along in our own smug little way, feeling that things might happen to the fellow-next-door but never realizing that we are just as apt to get struck ourselves.

Only one who has stood by and heard a doctor diagnose the ailment of her child as "Polio", can possibly understand the feeling of others. This was my experience during the past summer.

When I called at the Middlesex Chapter of the National Foundation for Infantile Paralysis, to secure information as to just what to do, it was like meeting an old friend, as the welcome I received was so reassuring.

I cannot put into words the thanks of my family for the help afforded us through this organization and the benefits my little daughter has derived and is still deriving from the Polio Clinic.

May I also say a word for the Arlington Auxiliary Police, by whose untiring efforts the Polio Foundation has secured such great help.

To all who support this "March of Dimes", my little daughter can truthfully say "I'm Winning Because of You" and "Thanks".

Sincerely,  
Mrs. Bernard G. Hutchinson

## The NEWS OBSERVES

Doing a good turn for others seems to come naturally for Arlington's Dave Judge. We remember, some years ago, he found a billfold containing several hundred dollars and lost no time returning it to its owner. Last Sunday afternoon while watching the two-alarm fire in Arlington Center, Dave quietly went to a nearby restaurant, ordered eight quarts of coffee and served it to firemen and police working in the freezing weather. The restaurant caught the spirit and insisted on donating the coffee.

During the past week Rev. Laurence L. Barber has lectured at the New England Historic Genealogical Society, Boston, at the Public Lecture Course in Portland, Me., the Second Church, Beverly; and on Monday afternoon of this week at the Women's Club, West Hartford, Conn. on Tuesday he gave his fifth annual lecture before the Brooks Club of Grace Episcopal Church, New Bedford.

Although there were fewer marriages in Arlington in 1949, the number of births was larger than the previous year, statistics at the office of Town Clerk James J. Golden show. A total of 372 couples filed marriage intentions in 1948 while only 498 filed last year. A total of 908 births was recorded in 1948 compared with 921 last year. There were 457 deaths in 1948 and only two more last year.

Continuing its fight to improve the shockingly bad attendance records of members of the Massachusetts Legislature, the Taxpayers Federation this week urged Speaker Thomas P. O'Neill, Jr., to ask the House to suspend the salary and expenses of Representatives who are absent without cause after it was revealed that 56 members missed the first roll call of the 1950 session.

"Unless something is done about

it right away, this year's record will be worse than last year's, if that be possible," Norman MacDonald, Federation executive director, said.

It is interesting and encouraging to note that Arlington's Representatives Hollis M. Gott missed only two roll calls last year while Representative Henry E. Keenan was unrecorded three times. No one could expect a better record and it probably can be credited to the fact that absenteeism was made a major issue in the Representative campaign in this district in 1948.

Rev. Laurence L. Barber has recently completed seven months service as interim minister of Grace Church, Framingham. Immediately following this he was invited to become interim pastor at Eliot Union Church, Lowell and is now engaged for several months in that parish.

Mrs. J. Philip Bower of Somers, N.Y., is chairman of the committee which will present color-movie on Nova Scotia at the

Women's Republican Club of Massachusetts, 46 Beacon st., Boston, Saturday afternoon at 2 o'clock. The film will be shown through the courtesy of the Nova Scotia Bureau of Information.

A total of 21,771,154 pounds of goods was shipped to needy people overseas by Church World Service, during the period of Jan. 1 to Sept. 30, according to the Department of Christian Relations of the Episcopal Church, which is in charge of collection of clothing and other materials for that Church.

The supplies shipped were valued conservatively at more than \$5,000,000. Germany, Austria and Greece received the largest quantity of supplies shipped to Europe, and Japan, Korea, and China in the Far East.

## New K-F "Traveler" Is Two Cars In One

SOMETHING NEW in the automobile industry is the "Traveler," a lower-priced 1950 multi-purpose sedan being introduced by Kaiser-Frazer dealers. To all appearances it is a conventional four-door model. But the rear seat cushions fold away and the entire back opens to provide access to more than 130 cubic feet of cargo space. When not in use as a carry-all, the "Traveler" is a deluxe, six-passenger family sedan. The cutaway-view shows how the seat cushions and hinged rear panels function.

## Boys' Club Plans Small Fry Day

Saturday morning at 10 the members of the Arlington Boys' Club will personally escort their little sisters and little brothers to their own Pond Lane Clubhouse for a very special affair.  
 In answer to many requests from members and their parents, the club staff and several group leaders have planned an interesting program for the large number of kid sisters and kid brothers who cannot belong to the Boys' Club because of age or sex restrictions.

Director Jim Sumner announced that the program for the small fry would include several amateur vaudeville acts by talent from the Group Clubs, a first class puppet show with Bob Munstedt radio and television performer handling the puppets, and a group of selected cartoons loaned to the club for the occasion by Edward Mulcahy of Arlington Heights.  
 Volunteer leaders, Miss Joanne Babine and Mrs. James H. Sumner, will join with staff members Austin "Pop" Welch, Jimmy Kenealy, Jerry Denman and Paul "Dinny" Shea in handling an expected large crowd. Group Club officers will serve as ushers. All club members will be required to show their tickets to gain entrance to the clubhouse for themselves and their young guests.

## High School Players To Give Gay Comedy

Tickets are on sale for the Arlington High School Dramatic Club's presentation of George Kaufman and Moss Hart's comedy hit, "You Can't Take It With You," to be given at Robbins Town Hall, Jan. 21.

This play presents an evening with one of the most uninhibited families in or out of literature, the Sycamores. They and their zany family head, Grandpa Vanderhof, are completely irrepressible, as each goes his own way in the household, pursuing his own pet diversion. Ballet is studied in the parlor, plays are turned out on a typewriter delivered by mistake, revolutionary propaganda is distributed in homemade candy, fireworks are manufactured in the cellar, and, in the midst of it all, Grandpa says, "Why not do what you want to do? After all, you can't take it with you."

Directed by Mrs. Helen F. Matthews and Miss Lena Manning, the play features John Cox in the role of Grandpa Vanderhof, Barbara Mills as Penelope, the accidental writer; Frank Vento, the ballet teacher; and Mary Ann Donahue as Essie. Other important roles have been assigned to Charles McEwen, Constance Foote, Alice LeBlanc, Joan Wright, Ann Morrill and Nathan Wood.
